

Keep Goin

Dizzy Wright

If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin

I do not care to be friends
I do what I want my life has been planned
I do not stunt off my Blam
You talking bout bussin at niggas but this shit a Scam
I couldn't pass the exam
How I'm gone talk all these vibes then beef with the fam
How my life get in a jam?
DAMN
How my life get in a Jam?
DAMN
All because no one's out here controlling me?
Why my granny and grandpa look over me
For they left you could speak to the sober me
It got worst before it got better but the music always seems to turn into poetry
Kept it rocking and rollin
(Rollin, yea)
We don't hate cause our pockets is swollen

If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin

I got places to be
Some people think I got crazy beliefs
But me and the God's we don't listen to sheep
Crippled the work but you tripled the bag
I don't look at you as a contender to me
Remember me how you remember the greats
Remember me how you remember the greats
Remember me how you remember the greats
Yea Yea Yea Yea
Spit the truth cause I really look out
Green smoothies for breakfast than bounce
Sometimes it's hard not to leave with a ounce
Grab a handful I'm like fuck the amount
Blow it down nigga ain't escaping it
Learned the hard way this life what you make of it
We Phasho off that pro tools or Ableton
In yo top five and ain't no debating it

If you ain't got it you gotta keep goin

If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
If you ain't got it you gotta keep goin
