

Keep Up

Dizzy Wright

She got her hand on my suit
Now I'm tryna fuck in the Coupe
She's asking me if I like that
Told her you know that I do
The kids [?] back to these hoes
I don't need nothing new
I could be leaving with two
But I'm tryna keep up with you
I'm tryna keep up with you
I'm tryna keep up with you
She got her hand in my suit
Now I'm tryna fuck in the Coupe
I'm tryna keep up with you
I'm tryna keep up with you
I could be leaving with two
But I'm tryna keep up with you

Pipe her down when she want it, feel needed
In this bitch wildin' out like [?]
Got her freestyling words that she's not used to using
I know cause I heard through the screaming
I'm trying to get one, maybe two, maybe three
If I don't go to sleep til [?]
It hit different when you know it's yours
Need a ride and she hopping on board
Naturally thick with the coconut oil
Trying to promise me that she don't bite
I'm just truth and that bitch is the proof
You know closed mouths don't get fed through the night
Got me feeling so reckless
She tried to turn my hand into a necklace
Got my phone and put in a direction
On my way soon as I hit the exit
'Cause I'm faded and...

She got her hand on my suit
Now I'm tryna fuck in the Coupe
She's asking me if I like that
Told her you know that I do
The kids [?] back to these hoes
I don't need nothing new
I could be leaving with two
But I'm tryna keep up with you
I'm tryna keep up with you
I'm tryna keep up with you
She got her hand in my suit
Now I'm tryna fuck in the Coupe
I'm tryna keep up with you
I'm tryna keep up with you
I could be leaving with two
But I'm tryna keep up with you

Red rover, red rover, your bitch just came over
You smell that aroma, I cannot stop smoking
I am who I wanna, [?]
She a hot girl and she love my persona
She don't like girls but tonight she's on it

Tryna keep up with her just like Kim K
Chicken wing plate, we don't go out on dates
Fuck what they say, I want you like today
She hop in the Wraith, chew me out like some steak
[?] in a gaze
I don't want her, I want you and their face
I don't [?] all the way
Tryna keep up with you, let me step up my pace
I could fuck like any bitch in this place
But I'm tryna meet up with you
I'm tryna keep up with you

She got her hand on my suit
Now I'm tryna fuck in the Coupe
She's asking me if I like that
Told her you know that I do
The kids [?] back to these hoes
I don't need nothing new
I could be leaving with two
But I'm tryna keep up with you
I'm tryna keep up with you
I'm tryna keep up with you
She got her hand in my suit
Now I'm tryna fuck in the Coupe
I'm tryna keep up with you
I'm tryna keep up with you
I could be leaving with two
But I'm tryna keep up with you
