Leave Me Alone

Dizzy Wright

I got problems and my lights off for the night,
Can you please just leave me alone? (alone, alone.)
I'm tired, man I'm sick and tired,
I just need to be on my own,
So won't you leave me alone?
So I can work this out,
Won't you leave me alone.
I feel like I am all worked out,
Won't you leave me alone.
I'm tired, man I'm sick and tired,
I just need to be on my own,
So won't you leave me alone.

I'm trying to stay positive so I will never fall,
So I'm smoking on this roof like it set it off.
I'm trying to calm my nerves, but that's no excuse,
But you will never understand what I am going through.
I'm trying to keep it cool, but I guess I'm fake now,
But I'm only fake cause I'm giving out these fake smiles.
So it hurts more, my momma said;
Keep a hand on your shoulders you always get what you work for.
So I'm grinding like an assignment due tomorrow,
All this shit on my plate,
I swear it's more than you could swallow, nobody likes to follow;
Something they can't relate with,
I look around, and it seems we all on the same shit. (true)
All these problems, but I'm only spitting some of it,
The world is full of suffering, but also overcoming it. (it is)
The dumbest shit always bothers me, (why)
But if you knew how hard it be you would know that

I'm trying to do good, but they looking for the bad in me. (Yep)
And those same niggas be on the net adding me. (Right)
And words don't hurt but verbally they attacking me. (Why?)
I'm so focused but they keep on distracting me. (True)
Happily, I just keep it moving and brush them off,
But so much weight on my shoulder I'm bout to fucking fall,
Shit, nigga fuck them all, (Fuck them all)
That's what Miles told me. (True)
I'm unhappy so I need someone to smile for me. (Why)
On some depressing shit, I'm spitting out that lesson shit,
Fake niggas don't even really know what a confession is. (They don't)
But I ain't tripping though, (No)
Niggas hating on me, tell me is you kidding bro,
What the fuck you living for? (Damn)
Listen bro, nothing better to do?
Hating on me cause a nigga doing better than you?
Something I would never do,
So here's a note to them all,
I'm living like there is no tomorrow,
Cause a nigga got problems.

Man, I got problems, I'm so sick and tired,
World full of fakes, I'm so sick of liars.
Niggas feeding me dreams, getting my hopes up,

These lames is getting clearer, I'm getting a close up.
I'm walking through this life, trying to be where ever money at,
Where's Sunny at, filled with funny cats,
Niggas who don't pay dues, they want their money back,
Hard work equals success, then let the money stack.
So falling off, nah nigga not I,
I swear to Vibe I'm number one in my top five,
I got faith in myself, hate in myself,
Now I'm working hard to place in the wealth.
But sometimes a nigga just wanna be alone,
Stressing daily, makes it hard to stay strong,
Very small team and we done did it on our own,
So tonight can you please just leave us the fuck alone?
