

# Losing My Mind

Dizzy Wright

Broken inside  
Dying alive  
What is the meaning  
Of this twisted feeling

Broken inside  
Love was denied  
I keep on breathing  
But stopped believing  
I'm losing my mind

I'm losing my mind, the coldest response  
Avoiding this crime, got a lot on my launch  
I got personal feelings on spirits that come to haunt  
Recognized it but I know I can't change it all at once  
They gon put up a front, imma put up the vision  
I'm gon start up the car, they gon start a collision  
Broken inside but heaven have me overcommitted  
How much money you spending, can you stick to your limits  
Don't know bout them but I know how my story being written  
I'm the author, I'm the one that make the final decision  
Tryna look back and be happy with the way that I did it  
Can't be fake in funk  
That's how your mind start turning and twisting  
Like the flower I'm lifted  
Gifted but still he doubt his self cause he a real musician  
What is the meaning if you can't find out your true intention  
Don't waste your time not living  
For everyone that's feeling

Broken inside  
Dying alive  
What is the meaning  
Of this twisted feeling

Broken inside  
Love was denied  
I keep on breathing  
But stopped believing  
I'm losing my mind

I been losing my mind about a day a time  
Till I slowed down to find, it was who I'm around  
So I had to disconnect book a cabin in the middle of the woods  
No phone, just a pen and paper  
Then with two days to myself and no voices in my ear  
All the visions in my head suddenly were so clear  
So I jotted down, all the things that matter most  
And for me, that was easy, it was music, health and fam  
Now one year later, I'm doing way greater  
Living life happy and my future looking brighter  
Cause I took a pay cut then I moved coast to coast  
My ambition coming back since I found what matters most  
And you can do it too but gotta think for yourself  
Disconnect to connect with your mind, body, health  
And that balance in your life  
It's a push and a pull

You can't lose hope when you're feeling

Broken inside

Dying alive

What is the meaning

Of this twisted feeling

Broken inside

Love was denied

I keep on breathing

But stopped believing

I'm losing my mind
