Maintaining my...
Maintaining my...

Maintaining my slot
I never fold when I deal with a lot
I fill the hunger in my chest with the rocks
I never try to be something I'm not
I'm finna do this again when it's dropping, maintaining my spot
Get in my way, your body get dropped
I never try to be something I'm not
Maintaining my slot
I fill the hunger in my chest with the rocks
I never fold when I deal with a lot
I never try to be something I'm not
I'm finna do this again when it's dropping, maintaining my spot
Get in my way, your body get dropped
I never try to be something I'm not

I'm taking the lead, they can't catch up to my speed
Working for it like I'm Creed
I'm never choosing these hoes over my trees
Back when I tatted my sleeve
I went to the lot, told 'em to throw me the keys
This new generation just working on threes
I tell 'em not me, my nigga [?] sneeze
Ayy, slashing, and I'm not holding my tongue
Yeah, that Dizzy Wright era begun
Don't fuck around, run me my funds
Yeah I do this shit for the masses
Keep shaking your ass for these ones
We can talk about all that I've done
But not when I'm out having fun
Maintaining my slot, bitch
When they hate on me that's so confirming
I see you trusted them hoes but you learning
Don't discuss all that money, you earned it
You know it's too many fake niggas out there that's gon' do it for clout and
that shit's concerning
Talked that shit but they different in person
I kept it G all the way, that's for certain
I got some slaps that I want y'all to bang
I got a spot that I wanna reclaim
I had a jeweler put diamonds on top of my symbol of life just to wear on my
chain
I'm under 30 with my own weed strain
Nothing to lose but everything to gain
I'ma rock out til I walk with a cane
I got the juice but I'm never gon' change

Maintaining my slot
I never fold when I deal with a lot
I fill the hunger in my chest with the rocks
I never try to be something I'm not
I'm finna do this again when it's dropping, maintaining my spot
Get in my way, your body get dropped
I never try to be something I'm not
Maintaining my slot

I fill the hunger in my chest with the rocks
I never fold when I deal with a lot
I never try to be something I'm not
I'm finna do this again when it's dropping, maintaining my spot
Get in my way, your body get dropped
I never try to be something I'm not

I never try to be something I'm not
Wherever I go [?] copped
I'm carrying knowledge all up in these locks
My hustle unmatched, can I please get my props?
I got the motive, I cannot be stopped
I can never sell my soul and then try to pop
Put on my shorts and then pull up my socks
Y'all can't put me in a box
I'm pulling up with that Nipsey mentality
'Bout my money like 50 was after me
Need my money by Monday
My queen look like she walk on a runway
We still moving that shit is a one way
I just keep it 3000 like Andre
You know Diz then you don't [?]
You know me then I bet you they tell you [?]
