

# Medicated

Dizzy Wright

We smoke a lot of fuckin' weed  
Got a new piece from a collector  
Put it in good use for me  
('Cause we love to get medicated)  
We smoke a lot of fuckin' bud  
Got a new piece from a collector  
Blessin' me like it's all love  
('Cause we love to get medicated)  
So I'ma get high when I want to  
And I'ma pack a bowl when I want to  
The blunts get rolled when I want to  
So I'ma get high when I want to  
And I'ma pack a bowl when I want to  
The blunts get rolled when I want to

Don't let failure knock you off your course  
I had some remedies I enforce  
Catching myself pacing back and forth  
Got my own problems, can't deal with yours  
Staying plugged in like extension cords  
I stay connected with real collectors  
They blow glass and I'm blown away  
Made one for me now I'm on the way  
Classic black, white, and gold  
Looking like the original [?]  
I'm enjoying your signature style  
Love it when they take care of the count  
Wanna drive but I'm faded, I can't  
Had to [?] function  
[?] gon' be repercussions  
Super dope that she topping the rent  
Keep it on me when I make a play  
Type of shit that's not put on display  
Hit my line when they know it's complete  
Need the best of the best everyday  
Thanking God for your creative ways  
It's a beautiful sight, gotta see  
Sorry if you thought this shit a joke  
But I told 'em to follow my lead  
If you don't know nothing about me and Demrick my nigga...

Do what I want, say what I want

Live how I want, fuck what they say  
[?] tell me how I'm supposed to play it safe  
Hustle, get paid on a daily basis  
With the growers and we flavor chasing  
Stoney Point that strain tastes amazing  
And the gas lighter, I ain't got a favorite  
Keep a bowl by my bedside  
Right 'for I sleep be the best time  
Rolling up hands free driving a Tesla  
Smoking nothing but pressure  
Raising the price for the effort  
I make it to make it forever  
They make it, I'm making it better  
If you don't know nothing about me and Dizzy let me put you on game
