

# My Heart Will Move On

Dizzy Wright

I need to know  
I need to know  
I need to know  
I need to know  
I need to know what you want  
I need to know what you want  
I need to know what you want  
So I can move on  
My heart can move on

Now I'm not talking money  
When I say you using me  
But I'm sick and tired  
Of trying fight for how it used to be  
Used to be beautifully  
But now we gone our seperate ways  
But we still together so we argue almost everyday  
How can we make it work if you don't wanna make it right  
And why be together if you don't want to make it life  
Was it lies or was it just because we grown apart  
You had my heart but relationships are known to fall  
I'm trying to be your all  
Be you friend  
Be yo man  
Deal with all yo drama  
At the same time be a man  
I understand what it takes for a relationship  
That's why I'm worried that you can't handle the basic shit  
Damn, I hope this wasn't all on purpose  
I feel I do the right shit for the wrong person  
So keep it real and let me know what's going on  
Or let me go, or let me know, you want to keep this going on

I need to know what you want  
I need to know what you want  
I need to know what you want  
So I can move on  
My heart can move  
My heart can move  
My heart can move  
My heart can move

See at first we both had trust issues  
But dammit it's been months  
I put my trust in you  
I can't put it no other way  
I fuck with you  
But now-a-days, I don't really see much in you  
Cause it's more then being beautiful and texting  
I need communication, I need affection  
Sextin', direction, advise when I be stressin'  
A blessin', answer to my questions  
I miss the old love, the old way, the old you  
Because this new attitude, is old news  
I know yo old dude, couldn't manage, but dammit  
I can't understand if your okay with being damaged  
I really wanna make this work

But I don't know how  
Cause instead of being grown, we let our anger show out  
Let's take control now  
Out of sight, out of mind, out of line  
Speak now because we don't got a lot of time

I need to know what you want  
I need to know what you want  
I need to know what you want  
So I can move on  
My heart can move  
My heart can move  
My heart can move  
My heart can move

See, you say you love me, but I do not believe you  
If I wanted to be alone, then I would be single  
So be wrong, or be gone  
Cause this shit that we on  
Got us going back and forward like ping pong  
And I'm not feeling it  
Can't you see that we're crashing  
We're missing emotion  
We're missing passion  
We got that high school love, this shit is average  
And baby girl I'm not about to have it  
I'm tired of trying, to make it work  
When it ain't working  
I don't want that common love  
That's only good in person  
Can't you see I'm hurting from the person that you made Diz  
How can we fix it if we argue about the same shit  
Appreciate the love that we both came with  
But how far are we willing to let this pain get  
Shit, I ain't trying to say that you wrong  
But if you don't want this let me move on  
Real shit

I need to know what you want  
I need to know what you want  
I need to know what you want  
So I can move on  
My heart can move  
My heart can move  
My heart can move  
My heart can move
