

No Place For Me

Dizzy Wright

This ain't what you want
(This ain't what you want)
This is what you need
(This is what you need)
Now your life has no place for me

This ain't what you want
(This ain't what you want)
This is what you need
(This is what you need)
Now your life has no place for me

Sometimes I wanna give up then I make a plan
Having a child young made everything advance
Telling my fam you don't know what I go against
I'm on the fence but I don't think they convinced
Energy tense when the last you repent
I prolly would if religion was more cement
The family broken the loyalty cant be fixed
So long I can't remember when the love exists
I'm glad I made this work but I didn't change narrative
Sometimes I look at my success like it ain't fair to them in
The family savior I guess I was pose to save us all
I tried to save my soul when I was blowing labels off
I know I coulda took a check and change everything
I'm sorry if you let you down and that's on everything
Selfish wit my sanity they couldn't handle me
We fussing and fighting wilding our and using profanity

This ain't what you want
(This ain't what you want)
This is what you need
(This is what you need)
Now your life has no place for me

This ain't what you want
(This ain't what you want)
This is what you need
(This is what you need)
Now your life has no place for me

I struggled and I can't from the streets
So I cant talk about killing niggas that look like me
Went thru the most and this is how you use yo freedom of speech
It's a lot to talk about we only 50 years deep
The slave catchers turned into the law enforcement
The cancer companies got terrible endorsements
If we got reparations could we split in portions
Is Life is bigger than them niggas that you record with
If y'all don't push each other in a positive way
Fuck the bullshit get them niggas outta the way
Cause you'll have a full tank and be back on E
Every state in America should have a black Wall Street
I'm just tryna motivate but when I get back to reality
The love I'm dishing out ain't coming back on me
At the pace the game going I'm just praying and hoping
We keep it G cause in 20 years where rap gon be
