Not Enough

Dizzy Wright

The support's just not there, I don't know man

First nigga out of Vegas that was born out in Flint
Maybe that's the energy the city is against
Maybe they just want somebody else to get it in
It's hard to comprehend the kind of world I'm living in
They ask me what I'm doing, not enough (I feel that)
They ask me what I'm doing and I tell 'em "Not enough" (Right)
They ask me what I'm doing, not enough (I feel that)
They ask me what I'm doing and I tell 'em "Not enough" (Woah)
They ask me what I'm doing, not enough (I feel that)
They ask me what I'm doing and I tell 'em "Not enough" (Yeah)
They ask me what I'm doing, not enough (I feel that)
They ask me what I'm doing and I tell 'em "Not enough"

If you ask me, I think I rep the city well
Nigga second I got love but I can't really tell
Look, I kept it real with the world and they wanted fairytales
I'm the type to try to learn from almost every L
Some niggas know me, grew up with me, they know I get it
I move in silence, I be watching who I'm rolling with
And it's a lot I'm going through but I ain't showing it
I started developing habits without knowing it
I'm focused on myself, that's why I wasn't in the mix
They give you expectations for you to keep it lit
And if you don't follow it they unfollowing
And I ain't changed my nigga, I'm just remodeling
Everything that come through the city they gon' copy it
That's why everything y'all do, I do the opposite
Putting East side of the highway on the map
But they won't show it back, fuck it, I'm the...

Every time these niggas doubt me we gon' come to life
I see it's red but I can't stop, I'm running through this light
Every opportunity that come on, get your money right
And I can't be wilding on the gram to get no dummy likes
And I be damned to be a nigga that's gon' come and go
They lacing up their boots, they sign up for a puppet show
I took a hundred blows, it turned me to a hundred sold
Never made the honor roll but life is like a game of dominos
And I ain't begging nobody to see my light shine
To the right side and I could be your lifeline
They gave me fifty to go flip, I'm finna get rich or dye tryin'
Better get tickets for the sideline

Thinking too much, overreacting, I'm not Einstein
You don't get this kind of expectations with a nine-five
Bringing flavor to your ear with a twist, look at this
When I'm gone they gon' [?] give me flowers for my gifts
