Organic vibes
Organic vibes
Cause we out here trying to survive
Just trying to survive
Only here for the organic vibes
No synthetic ties
Life is short before run out of time
We can blaze to the sky

Built from the mistakes I made
Growing up can't be afraid age
We all dealing wit shit on a day a day
Vibes organic
I can't be taking life for granted
I watered the seeds that I'm planting
Look I don't panic when them times get rough
One thing 2020 taught me is anybody get touched
This for the ones that do a lot but don't think its enough
I appreciate the little shit cause we ain't come from much
I'm off that planet 9 fine wine in my prime time
Gotta divine mind but I am no Einstein
Still feel like one of a kind
Mixing in the Akaline
Crazy how they work so hard to try keep us behind from

I'm at crib mixing scents like a scientist
Hit up Mya for the mitus touch I admire this
It's nice when you light the wright candle that don't fuck up the environmen
t
Coming wit new requirements
Soon as you gain the wisdom
It's know more denying it
That aliment a make you start identifying it
Easy to keep arm lengths distant and I ain't hiding it
I'll deal wit the outcome cause I'm about my income and y'all buying it
I told y'all that positive shit don't sell
But when you do it from your spirit it got life of it self
This ain't a physical form thang
If life is really based off a board game
Why they playing chess to keep us away from the
