

Pay Attention

Dizzy Wright

Nice to meet you, Mr. Freeze

Show the world no one can hold me
Guarantee they pay attention
While the whole world talk
I get shit done, now pay attention
We ain't made no trades
My day ones came from the beginning
Y'all don't know no loyalty
This is more than me

Yiggity-yaw
Ooh, my palms is itching
I'm too time-specific
I like constant swings
But I can't lie, I fucked all kinds of bitches (yes, I have)
What can I say, I'm vicious
Look at all these Swishers
My crossover nasty
I'm used to them screaming why I kill it (why I kill it?)
My niggas, they know me
They know how I get down (how I get down)
I get shit done
I might leave the scene to make a plate
Pull up with that real soul food
No GMO's and make your day
Hit Freeze for that 808
Okay, okay, okay

Show the world no one can hold me
Guarantee they pay attention
While the whole world talk
I get shit done, now pay attention
