

Peace To The Land

Dizzy Wright

DJ Hoppa
Kato on the track bitch
Peace to the land
Peace to the land
Peace to the land
Peace to the peace to the land

Uh
Price goin wild ones getting 5 homies on trial
They say we ain't bringing peace to the land
But the cops set you up
The thots set you up
Labels set you up
Nah, they ain't bringing peace to the land

Police was created to catch us
Supposed to protect us
But they don't want peace to the land
Speak to the man
Vote him out, get Donald Trump out the office
He don't really want peace to the land

Dab peace with a plan
Treat this like a beast on a leash
Catch us in the streets and they blam
See how they got us all asleep on the xans
They ain't bringing peace to the land

They'll leave with the plan
Drop the heat off in the hood
Only time to bring peace to the land
Gotta eat with the fam
I don't wanna beef with the fam
I'm just tryna bring peace to the land

Peace to the land
Peace to the land

Yeah they elected me
To say my piece for peace
So what ima preach to the land
Simple
2 fingers, peace to the land

Peace to the land
Peace to the land
Peace to the land
Peace to the land
Peace to the land
Peace to the land
Peace to the land
Peace to the land
Peace to the land
Peace to the land

Peace to the land
I run a piece of the land

Wanna own fuck lease in the land
Cash got the market a beast on the hand
Fuck around and give a small pocket sheet to the clan
Told white lies like Jesus ain't black
Redneck can't say believe in that
Scared of a northern Korean attack
Cause of fuckboi trump gave em reason for that
Peace to the land

Young Christ black man speak with a plan
They don't wanna work they'd rather reach for a hand
On tour nigga had to sleep in a van
She know I'm spraying vibes bring peace to the land

Yeah we just figured out the way to get it now to get what we need for the f
am
Better use the machine before it jams
I just hope it bring peace to the land

Peace to the land
Peace to the land

Black mom and a white mom
Both race rap gods so they both brought peace to the land

We all from the same place fuck a slave trade
We don't play we just tryin to bring peace to the land

Peace to the land
Peace to the land
Peace to the land
Peace to the land
Peace to the land
Peace to the land
Peace to the land
Peace to the land

Yeah peace to the land
Lemme preach to em fam
Black man down and they reach for the cam
Got a wall full of wolves when I feast on a lamb
Nigga fighting for his life
Yes peace in the plan
Can't leave the crib without the peace in my hand
Pigs wanna put a nigga six feet in the land
A modern day slave block deep in a can
Im a god ima manifest dreams of the land
Peace to the land

Peace to the land
Peace to the land
