

# Picture Perfect

Dizzy Wright

Yeah  
Yeahi-yeah  
Yeah yeah  
Oh-oooh  
Yeah

Baby, player  
Bro promised to stay down  
Say that you love me, girl keep it 100 and I keep it movin'  
I'm not the type to be all in your face  
Girl, I like my space, yeah  
Fuck all that back and forth, tell me what we doin'  
I know things ain't picture perfect, yeah  
Just let me know if it's worth it, yeah  
All this hype making her nervous, yeah  
I'm the same person, yeah  
I know shit ain't picture perfect, yeah  
Just let me know if it's worth it, yeah  
All this hype making her nervous, yeah  
But I'm the same person, yeah

Don't wanna go one day, you just stuck in your ways  
What I gotta do to make a change?  
But sometimes, life leave a nigga drained, no complaints  
Why you always so serious?  
She ain't hearing me, calm down, let me talk to you  
I'm just curious, how we supposed to get through it?  
She said "If you down, then I'm down to try and make it more fluent"  
Wait a minute, wait a minute, that's facts  
Every situation thrown at us, we done bounced back  
Gotta learn to play your role, to be on the right track  
Highest level of maturity, but I ain't tryna scare you into that, nah  
Learn, they grow, these innocent minds change  
And when they do, you gotta handle the signs  
Blame everyone except yourself  
But I'm guessing that that won't help  
I told my lady like-

Baby, player  
Bro promised to stay down  
Say that you love me, girl keep it 100 and I keep it movin'  
I'm not the type to be all in your face  
Girl, I like my space, yeah  
Fuck all that back and forth, tell me what we doin'  
I know things ain't picture perfect, yeah  
Just let me know if it's worth it, yeah  
All this hype making her nervous, yeah  
I'm the same person, yeah  
I know shit ain't picture perfect, yeah  
Just let me know if it's worth it, yeah  
All this hype making her nervous, yeah  
But I'm the same person, yeah

Shit gon' get rocky  
Can't get too comfortable, not with nobody  
Godly body, probably reason you got me  
Make oxymoron's when enjoying the party

Expectations start to come, don't be salty  
In the moment, never want it to end  
Walk it like you talk it but you ain't talking  
Open up to me like you do with your friends  
I'm not the type to be all in your face, girl  
I said what I said I'm not playin' pretend  
Judging from niggas that can not relate  
It's probably why your lady leavin' with him  
She got the sauce, fuck all that back and forth to take a loss  
You gotta make a choice to break it off  
Gave it some thought, I'm better by tomorrow  
You said you love me, so I'm like-

Baby, player  
Bro promised to stay down  
Say that you love me, girl keep it 100 and I keep it movin'  
I'm not the type to be all in your face  
Girl, I like my space, yeah  
Fuck all that back and forth, tell me what we doin'  
I know things ain't picture perfect, yeah  
Just let me know if it's worth it, yeah  
All this hype making her nervous, yeah  
I'm the same person, yeah  
I know shit ain't picture perfect, yeah  
Just let me know if it's worth it, yeah  
All this hype making her nervous, yeah  
But I'm the same person, yeah
