

## Rotate

Dizzy Wright

(Let them all keep watching  
It's the only option  
Yeah yeah)

Let another spliff rotate  
I could do this all day  
Oh yeah  
How do ya'll miss all day  
How you make this all lame  
Oh no  
Water with all my drinks  
I don't say all I think  
Say less  
This could be an all night thing  
This is what you call icing

Yeah yeah  
I take my coffee with weed and deep breaths shit  
All my demons detest it  
Working on building my brand and reflexes  
Got concentration like East Texas  
I don't need to keep exes  
I love everything that she texts  
Sometimes life on the road can get boring  
Bout to stay my ass home get drunk and be reckless  
Yeah yeah I'ma marry me a freak but she looks shy  
They can't block this shit like a hook shot  
Yeah this one's for anyone who ever took shots  
Tell them all that energy looks lost  
Learn the game I don't care what the books cost  
Used to have a lot to say til it took off  
Now the love goes round and round  
Like the handle of the spoon when you cook sauce

Let another spliff rotate  
I could do this all day  
Oh yeah  
How do ya'll miss all day  
How you make this all lame  
Oh no  
Water with all my drinks  
I don't say all I think  
Say less  
This could be an all night thing

It's a brand new day hit the reset  
Me and J doubled up this a heat check  
Vegas baby but the Flint nigga in me  
Got me feeling like a player so I can't pay for cheap sex  
Backwoods rotating and I'm up next  
Still movin' still going and they upset  
I could do this all day in a million different ways  
That's my lady she fell in love with a ruffneck  
Got this Dizzy OG I'm bout to breakdown  
Got this lil stoner mom I'm bout to take down  
I don't play around

I got her picking up a pound  
Fuck with her and you gon catch it MMA style  
If you're like me everything is high key  
Short niggas confidence be on Spike Lee  
Ducked off but my soul don't cost feeling lost  
If it made me kinda crazy than I might be, yee

Let another spliff rotate  
I could do this all day  
Oh yeah  
How do ya'll miss all day  
How you make this all lame  
Oh no  
Water with all my drinks  
I don't say all I think  
Say less  
This could be an all night thing  
This is what you call icing

Let the world keep spinning  
They all keep watching  
It all beginning  
The only option  
Is all winning  
We've been so dedicated  
We've been so dedi...

Let another spliff rotate  
I could do this all day  
Oh yeah  
How do ya'll miss all day  
How you make this all lame
