Dizzy Wright

Sexy lady (Oh, oh, oh)  
Would you mind? Would you mind?  
(Would you mind?)  
Sexy lady  
Would you mind if I have this dance?  
'Cause I need to know your status  
(Your status, your status, your status)  
Would you mind? Would you mind?  
I need to know your status  
(Your status, your status, your status)  
Would you mind if I have this dance?

I can't be hesitating  
You should tell me 'bout your dreams and what you estimating  
Ain't tryna gas you up but we can go to better places  
By the way I'm talking you can tell that I'm infatuated  
Sexy lady, you the one, let's make it happen baby  
Spill out your soul, please don't ever question your passion baby  
I love the way you wear that dress, you got me acting crazy  
You know exactly what you doing  
(You know what you doing, why you playing?)  
Girl, you know how it feels to stay tuned  
Psychedelic with it, might think that I ate shrooms  
Daydreaming while you still stuck on them fake wounds  
She love the big spoon that's gon' get her in that three story  
mansion with eight grooms  
Soon as I sign them papers she coming over  
Your vibe get a little more sexy when you get older  
Back against my chest, we dancing shoulder to shoulder  
She the best, got me breathing down her neck like...

Sexy lady (Oh, oh, oh)  
Would you mind? Would you mind?  
(Would you mind?)  
Sexy lady  
Would you mind if I have this dance?  
'Cause I need to know your status  
(Your status, your status, your status)  
Would you mind? Would you mind?  
I need to know your status  
(Your status, your status, your status)  
Would you mind if I have this dance?
