Somebody Or Nobody

Dizzy Wright

Either you somebody, or you nobody,
And if you nobody, don't say nothin' 'bout me!
Either you somebody, or you nobody,
And if you somebody come and fuck with my team (come and fuck with my team)!

You are fuckin' with the hottest, toss and roll me 'round,
I rep that Las Vegas guarantee I hold it down,
Got it tatted on my body, I'm killin' shit I'm sorry,
And I hardly even party, but I'm gnarly,
These niggas hatin' on me, they pretty weak,
I'm where ever titties be,
Don't it suck that haters will become a fan of Dizzy D,
I rep that V-E-G, city where the lights be at,
Where I'm loved most are where the mini-Dizzy Wrights be at,
But it's cool though, working on my plan A,
Niggas gettin' nervous when they start seein' my fan base,
Like, like, I hope you don't make it outta Vegas,
Cause that nigga gon' be one of the greatest,
That's why a nigga hit a fuckin' tape deck,
Yeah I'm here to make a statement,
That I'mma be the greatest, I just need the right situation,
So patient, fans cause I'm stuck with my scream,
And if you're somebody come and fuck with my team

Either you somebody, or you nobody,
And if you nobody don't say nothin' 'bout me!
Either you somebody, or you nobody,
And if you somebody come and fuck with my team! (come and fuck with my team)
!
(Swag Swag Swag Swag) Somebody gon' see that,
Nobody (nobody) is fuckin with my team!
(Swag Swag Swag Swag) Somebody gon' see that,
Nobody (nobody) is fuckin' with my team!

Look into my eyes you can see that I'm the future,
Little mama bad well I got somethin' to prove ya,
Picked up the phone and called L Dot the producer,
He sent me the track, I had to kill it like a shooter,
Losers, lame, nobody whatever,
Don't talk to me if you ain't talkin' 'bout gettin' me cheddar,
I am better than the rest, I'm never makin' less,
My evidence is relevant I settle for the best,
Cause I roll with the baddest, reppin' Vegas just to roll with the Flashy,
Nigga I ain't co-co-confident, probably cause I got a couple hotties waitin'
for me in the lobby,
And to all you nobodies (nobodies) who be talkin' bout me jerkin',
Quit with all the hate cause I swear it ain't workin',
Nigga you are worthless, why the fuck you carin'?
That church shit made me more money than your parents!

See you lame things always say the same thing,
G'd all the way bitch I'm tatted like I gangbang,
I'm tryna make the game change, it probably won't work,
I'm hard-headed, so tryin' probably won't hurt,
Long shirt, skinny jeans, and a snapback,
I fuck with bad bitches, you fuck with cat sacks,

I'm disrespectful, you are not on my level,
I'mma rep my city, I'mma motherfuckin' rebel!
I'm the man out here, but they prolly won't admit it,
The game was kinda hurt, Dr. Dizzy gave it stitches,
And then these nobodies start complainin' like bitches,
And then wanna collab like I ain't seen 'em dissin',
Nigga please, you off-brand niggas so weak,
Get off my dick, nigga, get off yo' knees,
I'm a G (I'm a G) and I rep that Flashy Inc.,
So if you're somebody come and fuck with my team!
