

The Wright Road

Dizzy Wright

If I could do it like every nigga that did it would you name me
as the mother fucking greatest
If I could do it like every nigga that did it would you name me
as the mother fucking greatest and I say

Man fuck the world, I done say it strong, I done did this shit,
I done came this far all on my own
I'm never selling my soul, I'm still in control, the Wright road
road, the Wright road

I'm ready for more, I came up in this bitch and I'm ready for war
I'm coming from the bottom and I'm hungry so if you get in my way
I swear to God I'm a rip you apart
I'm a mother fucking animal, rapping faster than ever and making
that shit understandable
Legend in the making lemme sample you, the Wright road is my avenue,
I do what I have to do
Twenty years old with the soul of an old man, nigga lost mine,
wanna come and hold hands
Join in and we can be a movement, do big things, and probably shoot
a movie
Nigga quit with all the lies, your probably sitting on your ass
talking about it right now
I'm a be the one to call it bullshit out and if you get loud I'm
a punch you in the God damn mouth
And that's real...

Man fuck the world, I done say it strong, I done did this shit,
I done came this far all on my own
I'm never selling my soul, I'm still in control, the Wright road
road, the Wright road

He coming out of Vegas, oh my God did that nigga really make it
They say HipHops dead, well if it's dead I'm retaliation
I'm ready for blood, show no love, I ain't holding back, put racks
on racks on racks on this track and this niggas wack
I hate that you niggas in the front and I'm in the back and I ain't

I feel like I could be the greatest, you was a Tribe Called Quest
to a Tribe Called Vegas
Eastside where I'm at to be exact, but I'm reppin for the whole
damn nation
I'm the voice of your worst words, you got God in your name, you
ur a God damn fool
There's only one God and that ain't you so whoever is fucking with
you is a God damn fool

Man fuck the world, I done say it strong, I done did this shit,
I done came this far all on my own
I'm never selling my soul, I'm still in control, the Wright road
d road, the Wright road

He a poet, he the coldest, he the dopest God damn that nigga Dizzy Wright real
I ain't gone change but I know that my live will, looking for the real, it's right here
I don't ever need to floss, I'm going in, I'm going off. I ain't going Hollywood, you going soft
Niggas think I'm ballin, but I'm just maintaining, making ends.
Tryina give it my all
I got a couple niggas with me and we babtized, smoke weed, never focus on the bad guys

I open this lane for you, you, you, and you, and you. Doin you fuck wachu been through
This the beginning to the new, walk the wright road, in the wright shoes. And they say
