

# Try For Me

Dizzy Wright

I had a baby on the side  
When she questioned me I should've never lied  
And if I lose you I know why  
But am I wrong if I still feel like you should try  
I send my prayers to the sky  
But it don't changed the way it made you feel inside  
And if I lose you I know why  
But am I wrong if I still want you should try  
I want you to try for me (la la la ohhh yea)  
I want you to try for me (la la la shoodewhoppp)  
I want you to try for me (la la la ohhh yea)  
I want you to try for me (la la la shoodewhoppp)

Life was feeling excited  
Jump right into marriage  
Went from feeling supported  
Straight to feeling embarrassed  
Can't start off wit secrets  
That might lead to cheating  
She was tryna avoid this cause this cycle repeating  
But what's natural to us ain't natural to you  
But maybe that deceiving  
Heavy breathing she want me to simplify my reasons  
No special treatment  
Threw me a pillow like you know where you sleeping  
Can't put up a fight this this problem can't be fixed overnight  
But this change the way I feel  
It's insane the way we build  
I'm not asking you to forget and forgive cause I know that's not how  
you heal  
I know you feel like your world is crashing down but I'm still down p  
hareal  
She say when she think about it she get chills  
Cause I had to tell her

I had a baby on the side  
When she questioned me I should've never lied  
And if I lose you I know why  
But am I wrong if I still feel like you should try  
I send my prayers to the sky  
But it don't changed the way it made you feel inside  
And if I lose you I know why  
But am I wrong if I still want you should try  
I want you to try for me (la la la ohhh yea)  
I want you to try for me (la la la shoodewhoppp)  
I want you to try for me (la la la ohhh yea)  
I want you to try for me (la la la shoodewhoppp)
