

## Way Up

Dizzy Wright

This world will weigh you down  
But you'll make a way around  
[?] will keep all the clouds away  
Watch the throne, don't let 'em take the crown  
When it get rough, keep your head up  
Gotta [?] get your bread up  
Gotta feel the vibe and get your wave up  
Gotta ride the wave just to stay up  
Get way up, way up  
(Way up, way up, way up, way up)  
Way up, way up  
Way up, way up  
Way up, way up

Don't waste no time  
Keep going hard everyday, everything'll be fine  
Stay away from jail cause they tryna control our minds  
If somebody told your pussy is better than please stay line  
I know what I want  
Ayy shout out to all my niggas that's rocking their [?]  
I pray y'all get it in for the whole 12 months  
You gotta go hard when they don't wanna see you stunt

I done gave y'all the flavor  
We go way up and stay up  
I'm all alone, it's a layup  
Your full court press couldn't play us  
Blowing niggas out [?]  
Watch the neighborhoods that you tearing up  
Getting to the bag, he don't care enough  
Like don't be childish, this America  
Stepping out just to act arrogant  
Just to stunt on niggas that don't ever win  
I can't fuck with it, I can't fuck with it  
Learn about that debt while you up spending  
In and up with it,, pulling up like what up with it  
They gon' interrogate us  
I see niggas vibrating hella low  
But they celebrating oh for sure, for sure
