

# Y'all Been Missing Out

Dizzy Wright

Montage, what's good?

I been sliding for a minute but I know my time coming  
Soon as I pick up that bag I'm back to pressing buttons  
We go in, y'all be missing out, y'all been missing out  
We go in, y'all be missing out, y'all been missing out  
I been sliding for a minute but I know my time coming  
You crazy in the head if you think we did this for nothing  
We go in, y'all be missing out, y'all been missing out  
We go in, y'all be missing out, y'all been missing out

Okay, every year releases

"Las Vegas legend" is the shit I keep seeing  
Everybody want the top spot and I'm the reason  
20 projects later, look at the love that I'm receiving  
Hold on, hold on  
I'm still learning from mistakes that I made  
No self-snitching over here, we gotta take this to the grave  
These niggas making trades with [?], check your form  
You became this way and that's how I was born, get informed

I been sliding for a minute but I know my time coming  
Soon as I pick up that bag I'm back to pressing buttons  
We go in, y'all be missing out, y'all been missing out  
We go in, y'all be missing out, y'all been missing out  
I been sliding for a minute but I know my time coming  
You crazy in the head if you think we did this for nothing  
We go in, y'all be missing out, y'all been missing out  
We go in, y'all be missing out, y'all been missing out

Can't stop, won't stop, hell no

I see y'all still follow them lies that they tell y'all  
I'm good on that, I hit the stu and work until I pass out  
If I couldn't be myself, I wouldn't rap, we in that stash house  
Took another route  
I love the fact she love to drain me when I come around, you know my  
style  
I just keep the peace and the creative juice flowing  
Crazy how every year we keep on creating new moments

I been sliding for a minute but I know my time coming  
Soon as I pick up that bag I'm back to pressing buttons  
We go in, y'all be missing out, y'all been missing out  
We go in, y'all be missing out, y'all been missing out  
I been sliding for a minute but I know my time coming  
You crazy in the head if you think we did this for nothing  
We go in, y'all be missing out, y'all been missing out  
We go in, y'all be missing out, y'all been missing out
