

Angel

DJ Aligator

I feel empty, as darkness all around
Feel I lost my way as I fall too the ground
I feel sorrow as if I lost it all, I always turn around
If you should call

You know I will surrender, cause I cant be a pretender
nooo
Not when it comes to loving you
They say time is a healer you're love was just a
stealer noo..
I dont want too forgive you...

Why dont somebody send me an angel, to guide me thrue
Now that Im lost and on my own and I no longer have you
Send me angel to watch over me and turn the night back
into light..
Rescue me...
Rescue meee...
Yeaaaahh

Send me an angel....

I know I will surrender cause I cant be a pretender
nooo
Not when it comes to loving you
They say time is a healer you're love was a stealer
nooo
I dont want to forgive you

Why dont somebody send me an angel, to guide me thrue
Now that Im lost and on my own and I no longer have you
Send me angel to watch over me and turn the night back
into light..
Rescue me...

Rescue me....
Rescue meeeeeeee... yeah
Ohhhhhh rescue meee..
Rescue meeeeeeee.. yeah

Send me an angel
