

# Calling You

DJ Aligator

Feeling Free  
U and Me  
It me brings me hope again  
And brings the love to everything  
Water falls fire calls  
Bring me home again  
And bring the last to everything

Like the Stars soaring  
And dragonflies gloring  
Feel your presence in the rain  
Mmm... thru the fire dancing

Flies of dragons pass me  
Leading me to you

Calling out ur name (x5)

Like the wind blowing in the distance  
I'm in da silent trees the voices sets me free  
Like the stars... showin me da path I have to take  
To you...

Calling out ur name (x6)
