Waking up again  
Silence everywhere  
Closer to the night  
Underneath my mind  
Searching for a guide  
Waking up again  
Waiting, waiting for sinning front of me  
Laying in a notion full of dreams  
Waiting, waiting for sinning front of me  
Laying in a notion full of dreams  
Running out of things I can say  
Are remain  
Waking up again  
Silence everywhere  
Closer to the night  
Underneath my mind  
Searching for a guide  
Waking up again  
Waiting, waiting for sinning front of me  
Laying in a notion full of dreams  
Running out of things I can say
