

# Glow

DJ Antoine

Baby we can shine  
We're a different kind  
You are the only key  
For all the light in me  
I feel safe and sound  
Whenever you're around  
I never felt so free  
Hidden in your deepest sea  
Hidden in your deepest sea  
Hidden in your deepest sea  
Hidden in your deepest sea

You and me we'll glow  
Glowing through the darkest night  
Shining in the brightest light  
To find our way back home  
We'll glow  
Forever I'll be by your side  
Together we are here tonight  
Lighting up the sky and glow  
We'll glow  
We'll glow  
We'll glow  
We'll glow  
Glowing through the darkest night  
Shining in the brightest light  
To find our way back home and glow
