

Loved Me Once

DJ Antoine

I coulda loved you
But you chose to let me down
You coulda loved me
But you chose to turn around
I believe, I believe
That you loved me once
I believe, still believe
After all you've done
I coulda loved you
But you chose to let me down
I coulda
I coulda
I coulda

I can't believe you let me down
You turned my smile right to a frown
Left me on seen down for the count
But I'm doing great girl just look at me now
Yah, I call it I see it I see it I want it
I want it, I get it I buy, I told her not asking
We met in first class
Now we doing our thing mile high

Was it all just an illusion
Now look what you've done
Let me believe that you loved me once

I coulda loved you
But you chose to let me down
You coulda loved me
But you chose to turn around
I believe, I believe
That you loved me once
I believe, still believe
After all you've done
I coulda loved you
But you chose to let me down
I coulda
I coulda
I coulda
I coulda

I coulda loved you
But you chose to let me down
You coulda loved me
But you chose to turn around
I believe, I believe
That you loved me once
I believe, still believe
After all you've done
I coulda loved you
But you chose to let me down
I coulda
I coulda
I coulda
I coulda
