

## Pink Rose

DJ Antoine

I think about it time to time  
One thing that's always on my mind  
You still love me  
And i'm walking on a lonely road  
I got nowhere to call my home  
You still love me

You're so beautiful  
I'll love you forever and ever  
You're so beautiful  
Let me love you forever and ever  
Like a pink rose

So many times i could have fallen  
But every given moment  
You put your all in  
You still love me  
The jet's not always set  
But i'd do it all again  
Not a single regret  
Cause you still love me

You're so beautiful  
I'll love you forever and ever  
You're so beautiful  
Let me love you forever and ever  
Like a pink rose
