

Creature Of The Night

DJ Bobo

Yeah - I'm a creature of the night
Yeah - I can take you higher
Yeah - I'm faster than the speed of light
You know I want you, before I bite you

The night has come
I'm waking up
The moon is shining bright
I want someone
My needs undone
I've gotta beat daylight

I gotta feel love
Before I'm gonna make you mine
I gotta feel love
Your're gonna make me feel so fine
I gotta feel love
Just the way I always do
I'm gonna change your destiny
Until you want it to

Come on let's go
Night's on the run
There is no time to waste
I fear the dawn
Can't stand the sun
It's you I'd love to taste

Creatures of the night are lonely
It's the curse of the rising moon
Thinking about this one thing only
Really need some, fresh blood soon
