DJ Bobo

Gs As Bmi As Gs

Everybody move your feet to the rhythm of this beat
Everybody sing this song all the people having fun
Everybody move your feet to the rhythm of this beat
Everybody sing this song all the people having fun

Everybody loves to dance with another summer romance
Uh baby
Everybody likes to move all the fellas having the groove
Uh baby

Music is what I'm living for
Hit the dance floor like there ain't no more
Ain't no more time for taking your chance
Jam digadi jam to this summer romance
Wave your hands in the air everyone and everywhere
Move your body jump around check it - it out with the sound
Everybody, everybody get up and sing it loud
This is the sound that makes you feel proud

Everybody here tonight we will never start a fight
Uh baby
Everybody is feeling proud if you feel it say it loud
Uh baby

Pleasure and pain sometimes the same
I'm not ashamed there's no name for the game
The game that makes my heart still pumpin'
Boom Boom my body is jumpin'
Love - every day and night
The sign for peace is shining bright
Everybody, everybody get up and sing it loud
This is the song that makes you feel proud

When the sun goes down, and the night moves on
The time is right to enjoy yourself
And doing whatever you wanna do
I mean everybody
