

Good Time

DJ Bobo

(Good, so good, good, how good)
(So good, good, how good)
(So good, good, how good)
(So good, good, how good)

Good time all night long

Ooh, oh oh, oh
Ooh, oh oh
Ooh, oh, let's have a good time all night long

Take a trip with a cab to the club
Gotta get my friends right here to the spot
One should strike while the iron's hot
We gonna get ooh tonight
Girls on fire, oh my God
Gonna spend all the money I got
I know it's crazy but I just can't stop
Bottles go pop, pop, pop, pop, pop

Join the rhythm, groove on the dance floor
The beat will drive you crazy
Everybody's feeling the music
We're dancing through the night

Baby, let's get together, and have a good time
All night long
Baby, now and forever, we have a good time
Good time
All night long
Good time, good time, good time
Let's have a good time all night long
Ooh, oh oh, oh
Ooh, oh oh
Ooh, oh, let's have a good time all night long

We gonna have a good time all night long
Rocking the floor till the crack of dawn
Ladies shaking their booties so fine
Having a good time
We go crazy, we go mad
Like the best time we ever had
Come on Mr. DJ play that sound
Everybody jump, jump, jump, jump around

Join the rhythm, groove on the dance floor
The beat will drive you crazy
Everybody's feeling the music
We're dancing through the night

Baby, let's get together, and have a good time
All night long
Baby, now and forever, we have a good time
Good time
All night long

Good time, good time, good time, good time, good time, good time

Let's have a good time all night long
Ooh, oh oh, oh
Ooh, oh oh
Ooh, oh
Let's have a good time all night long
All night, good time, all night, all night, yeah
Good time all night long
All night, all night, all night, whoo

Baby, let's get together, and have a good time
All night long
