

Hypnotized

DJ Bobo

I can feel your breath, your shadow's always hunting me
You are all around wherever I may go
When you follow me, it's more than just a stupid game
You took my life and turned it into fear

And your voice just caused a shiver down my spine
Like a thunder you destroyed the world of mine

Boy, you got me hypnotized, hypnotized
Intoxicated by your eyes, by your eyes
Will you ever miss me
Will you ever miss me
Boy, you got me hypnotized, hypnotized
Intoxicated by your eyes, by your eyes
Will you ever miss me
Will you ever miss me

It's like a million heart-heartbeats without you
And I know I can't, can't live without you
Boy, you got me hypnotized, hypnotized
Boy, you got me hypnotized, hypnotized
It's like a million heart-heartbeats without you
And I know I can't, can't live without you
Boy, you got me hypnotized, hypnotized
Boy, you got me hypnotized, hypnotized

On the day we met, you seized the sense of privacy
Set my world on fire and burned me with your love
Girl, you hide the truth and seal it with no dignity
Put a spell on me, unleashed the beast you are

And I can't release my world from all this pain
You crossed a border line and broken hearts remain

Boy, you got me hypnotized, hypnotized
Intoxicated by your eyes, by your eyes
Will you ever miss me
Will you ever miss me
Boy, you got me hypnotized, hypnotized
Intoxicated by your eyes, by your eyes
Will you ever miss me
Will you ever miss me

It's like a million heart-heartbeats without you
And I know I can't, can't live without you
Boy, you got me hypnotized, hypnotized
Boy, you got me hypnotized, hypnotized
It's like a million heart-heartbeats without you
And I know I can't, can't live without you
Boy, you got me hypnotized, hypnotized
Boy, you got me hypnotized, hypnotized
