Moscow
When the rain falls down in Moscow
When I'm all alone in Moscow
I am thinking of you
Wish the sky would be blue

Ladadi dadada
Ladadi dadada
Ladadi dadada
Ladadi dadada

I'm living far away
In darkness every day
I'll never forget your smile
I miss your style
How can I go ahead
I need you I am sad
And I'm still running around
In a Russian town

I hear you call my name
There's still a burning flame
I wanna let you know
I miss you so
I never felt this way
And I don't wanna stay
But I'm still running around
In a Russian town
