

Time Machine

DJ Bobo

Time's running out, burns down like a fire
I wish I could turn back the clock, that's all I desire
I wanna travel through time and space
A journey all around the world and to another age

Take a seat, get close to the action
Follow me, to my science fiction
Count down (3, 2, 1) down to zero
Just believe, and we will be heroes

Wohohohoh we're flying through the centuries
Wohohohoh the 90's, 80's, 70's
Wohohohoh my time machine brings you to anytime
Let's do it tonight
Wohohohoh we're flying through the centuries
Wohohohoh from the future to the 20's
Wohohohoh let's take a ride on my new time machine
Meet Michael, Elvis and James Dean

The dream of all dreams, since human being
I wanna ride back to the future in my time machine
Here I am in 2050
I'm ready to take off right now
Won't you come with me

Take a seat, get close to the action
Follow me, to my science fiction
Count down (3, 2, 1) down to zero
Just believe, and we will be heroes

Wohohohoh we're flying through the centuries
Wohohohoh the 90's, 80's, 70's
Wohohohoh my time machine brings you to anytime
Let's do it tonight
Wohohohoh we're flying through the centuries
