

Wonderful Day

DJ Bobo

It's a wonderful day
The night fades away
See the sunrise in the sky
It's a wonderful day
Wake up don't stay
Spread your wings and fly away

Children in the sun
Playing games of fun
See the beauty of this world
Time is running fast
Thinking of the past
Find your way and see the light

Love is what we share
Friends are everywhere
See the beauty of this world
Sunlight guides your day
Try to find your way
See the life in your own eyes
