

Yaa Yee

DJ Bobo

Yaa yee...

Just close your eyes
And let's hear the distant sound
The circle of life
Like a symphony so naturally
Look to the sky
Beyond the horizon there's a place
For you and for me
A kaleidoscope of peace and love

Yaa yee, we're made of colors, made of stars
Yaa yee and we will live forever
Yaa yee, we're made of colors, made of stars
Yaa yee and we will live forever

And we will live forever

You mirror the sun
Like a wave across the sea
And you become one
With the tides of life so easily
Believe in yourself
And the power of extremes
You carry the light
To erase the shadows off your dreams

Yaa yee, we're made of colors, made of stars
Yaa yee and we will live forever
Yaa yee, we're made of colors, made of stars
Yaa yee and we will live forever

And we will live forever

We're made of colors, made of stars
Taking the steps together
Like a kaleidoscope of life
And we will live forever

And we will live forever

And we will live forever
