

# The Professional

DJ Clue

[Featuring Mobb Deep]

[DJ Clue] \*echoing\*

New shit, Mobb Deep featuring Noyd (like this dunn)

The Professional, used from my nigga Vic

Haha

[Prodigy]

Yo you catch chills, P stimulates your eardrum

Tastebuds, more higher than drugs, my song take all

I blastoff on the track law

My shit is pure satisfaction, what more could you ask for

Wit facts like an ?ansaw?, I pour fire on earth, I been to hot raw

Do Queens tires get burnt, let's peel through the real

Slide through my terrain, take a ride wit me

Check out my lifestyle, it's a off-road course

I stay challenged, but that's a good thing

'cause it creates balance, Infamous wild life federation

My congress, sit down and conversate ya fate

Derate barracks, don't get yourself embarrassed

My click savage, why'all niggaz is average

I'm handling your Most V.P., put em in P.C.

Nigga, it's the I-M-D nigga (CLUE)

Chorus 2x

Chorus [Havoc]

'cause we plottin, leave the cats wit one option

Start hoppin, 'cause when it's on we ain't stoppin

The click'll get the message when shit start droppin

Don't got a gat stashed, you better start coppin

[Havoc]

Now you can talk about a nigga, criticize my faults

But in New York, got it locked wit bolts, blow the vote

Overdose, while you cop block and cut throats

Me and my click's champagnin, and campaigning

While you rhyme about your jewels, and sniff that shit up in your nostrils

I'll be plottin on your life, to put one up in your fossil

Niggaz think they gully, on the inside sweet like honey

Niggaz want the bitches, we just want the money

Federal notes, flipped blue, keys of coke store frontin watchin his dough

Tourin the coast, pardon wife due, gettin babies drunk

Call me foul, deep down, you gotta admit, you like my style

Put holes in your Polo, I know your M-O, you half homo

Joinin my team, that's a no-no

Say what you want, don't let it talk for you

And that's my word, I'll have this hollow tip stored for you

Chorus 2x

[Noyd]

One time nigga, two times nigga yo

I dig the way Clueminatti got the beats rollin through the body

The type of tracks, got me killin these cats

Twenty-one and black, mental inner city minds be exact

When niggas in the hood ain't no good, carry gats

And leave you on your back in a hurry

Especially, dealin wit the money

Rockin Pelle fuckin wit the Spanish mami cheffin up by dellis

Now we got the guns pumpin jums out the back of a deli

Really, these chumps gettin slumped on the daily

Forty days, forty weeks, either these raps are back in the streets  
Stackin cracks up in the fleece, so Hav blaze the bees  
And pass that to me, and I'll bless piece  
So this way the whole fam eat  
Be the Infamous of this shit, pioneers of this  
Survival of the Fittest, nobody's fuckin wit this  
So fuck around wit Hav, you fuck around wit me  
You fuck around wit me, then you fuck around wit P  
You fuck around wit us, then you fuck around wit three  
Mothafuckers from the NYC, what nigga uh, what nigga Clueminatti  
Chorus 2x
