

## Earned

DJ Drama

(I'm workin' on dyin')

They question how I got the top spot

Huh, nigga, 'cause I earned it (Gangsta Grillz)

I'm feelin' better than I ever did

On a paper mission, tryna get it like a settlement

They see the bench plan goin' hard, please [?]

Know they 'bout to hear this and go crazy in the club again

Knowin' that we got it, baby girl, so why you askin'?

Knowin' she was foreign, from the head down to the accent

And every time she hit an injury, she say "Damn, is that an Aston?"

Every time I see them jeans, I'm thinkin' "How she fit the ass in?" (Uh)

How she fit that ass in? I just pull an [?]

Fuck her like a butcher, tryna [?] like I'm Aston

Shorty and her folks got that Volks' and that wagon

Should I hit once? I'm supposed to be braggin'

Buy a bitch [?], but don't buy that bitch a Birkin

Fuck her friend good, make her other friend nervous

She don't want my dick, fuck her, bitch, I jerk it

I'm flee, get the pussy for free, so why splurge it?

Why they talkin' how they talkin' 'cause they made niggas?

Why everybody throwin' shots at the made niggas?

Off the rep, take a guess what we made, nigga

All top tier, bad girls gettin' slayed, nigga

Nigga, 'cause we earned that (Yeah, we earned that)

Nigga, 'cause we earned that (Grr)

Nigga, 'cause we earned that

All top tier, bad girls gettin' slayed, nigga

Nigga, 'cause we earned that (Philly)

Nigga, 'cause we earned that (Oh)

Nigga, 'cause we earned that (What?)

All top tier, bad girls gettin' slayed, nigga

I'm in Philly, bad bitch, I fuck a silly nigga

I work the pot and count this money like a friendly nigga

He goin' live all in the trap and I'm like "Really, nigga?"

And any nigga wonder why we gotta kill these niggas

Bustdown AP's

Nigga yellin' touchdown with my AC, niggas (Yeah)

Shorty really don't deserve to fuck me

She can throw it at me now, but I deserve that cudi, on the real

What's the dealy? I call up Tory, he in the city

I got a feelin' that niggas really ain't fuckin' with me

Let's get paid, be the motto niggas, my brothers with me

Out of bounds, caught 'em like I put somethin' on them North feel

That's where you can find me, where the murder counter's higher

Than the streaming lost on TIDAL

When a war real, you can't go and hind

And it's the chance to prove yourself

'Cause you gon' die or be an idol, turn me up

Why they talkin' how they talkin' 'cause they made niggas?

Why everybody throwin' shots at the made niggas?
