

# LA Real Estate

DJ Drama

Made us gangbang front of million-dollar real estate  
I'll pull this pistol out and put it in your face  
Just yesterday, last night, we was in a chase  
High speed when we left off 108th  
I'm on the edge, but really, I been livin' great  
Fuck a job, I ain't never did minimum wage  
I had a number in prison, I was really a slave  
Walked in with my clothes when I went to bathe (Get 'em, G)  
Been gettin' money, can't that many people tell me nothin'  
It's on the floor, don't hate, nigga, just let me bubble  
Niggas wasn't trippin' back then, they was lettin' me suffer  
We stayed shitty for the winter and flexed for summer  
On my triple blue MC, I spent a hundred  
I'm on the go, state to state, livin' out a luggage  
I'm on the fed's watchlist, these hot niggas  
Walkin' 'round with Ray Bans that watch niggas  
And they askin' questions, but I ain't got no answers  
I don't bang no more, nigga, I'm just a rapper  
(Damn, nigga, that's worse)  
They tryna say I'm takin' all my money and puttin' it back in the turf (Inne  
rprize)  
We gon' take 'em to the hood  
If you with me, then you good  
My homeboy the one that shot—  
All we know is violence where I hang at  
Where them ARs and them AKs at  
Where they kick down doors and snatch safes at  
Where them gangbangers got hoes on the blade at  
I chase checks 'til them checks start chasin' me  
I ain't wastin' time on TikTok or IG  
Takin' off, first-class seats, gotta skip town  
People lookin' for me for a year and I ain't been around  
Get money, gotta make it real  
If you wanna win, then you gotta embrace your fears  
To keep it real, lotta niggas been fake for years  
We play grown-man games, we don't play with kids  
Niggas trollin', but we goin' for the next level  
You could look in my eyes and see that I'm ready  
If you wear fake chains, I could never trust you  
Once you cross game, on gang, it's forever fuck you

G

It's your boy Westside Rich Jimmy  
Man, you know it's some shit goin' on  
I don't know what these niggas out here doin', but we out here gettin' money  
It's the Clicc

These niggas ain't even on deck like that, they ain't even built like that  
Half of you niggas ain't even from the hood like that, nigga  
Rollin' Crip, nigga
