Screamin' free you 'til they free you
All my guys, hold your head

DJ Drama

Bro home, he ain't never goin' back
Goin' broke, we ain't never wanted that
I lose love, I lose money and the cars
No matter what, don't give a fuck, I can't lose time
Can't lose no time
Lose no more time

Bullshit surround me every day
Wake up and I'm outtie, on a chase
Collect calls from the county and the state
Hollerin' at my nigga, he'll be out any day
Fifteen years'll have you feelin' out of place
But real niggas got billions on the way
Fuck the city, kill 'em out of state
Got everything to gain and no time to waste
They thought it was over, had grins on they face
They made the bed, let 'em sit there and lay
I lose it all and get it back a million times
But them crackers'll hold you up until you die
Thank God, walk out late night and look up at the sky
Thank God, I ain't losin' no more time

Bro home, he ain't never goin' back
Goin' broke, we ain't never wanted that
I lose love, I lose money and the cars
No matter what, don't give a fuck, I can't lose time
Can't lose no time
Lose no more time

I'm obsessed and crazy on this mission
All them years that I gave to the system
Don't talk on the phone 'cause I think they listenin'
It be too late when niggas pay attention
It's a war on rap niggas
Used to be crack, but now we the crack dealers
This shit rigged, it's a trap
If you brown, if you Black
Yeah, I got too much vision
For the culture, I got too much to give 'em
I ain't never goin' back
Unless one of my niggas turn rat
Reverse stings and entrapment
Better watch your ass, it get scandalous
But in the meantime, thank God
Walk out late night and look at the sky

Bro home, he ain't never goin' back
Goin' broke, we ain't never wanted that
I lose love, I lose money and the cars
No matter what, don't give a fuck, I can't lose time
Can't lose no time (Dedicated)

Lose no more time
