Of the United States of America

Look at all this money fallen
I throw money in the air
Because I'm ballin'
Bitch I go hard I put my all in
If my phone ring that's money calling
Smell my weed it come from Cali
All my rings are filled with diamonds
Smoke a lot of marijuana on the top because the timin'
Haters mad at what I got because I grindin'
Now they say that he got game I make it rain like Jesus Christ

Money Fallin' from the sky like rain
Right now I'm just tryin' to get me some
Everybody wants to get paid
Counting so much money our figures numb
Dollas, Dollas, Dollas hoorah
That's why every night we wanna be in the club
Nobody ain't tryin' to save
Spend each and every dollar as soon as it comes, baby

Hoopin' 365, call that consistent ballin'
No carpet that's alpaca nigga you gotta blot it
Ain't in this for profit
But since I got it I'm poppin'
My lyrics may seem misguided to the petite and simple minded
But I'm so out this world
Yea nigga be sola flexin'
When it come to this cash man
I ain't use no discretion

Dollas dollas dollas
Just part of me gotta chase em
See my arrested developments probably the ones a playin'
My blatant void of concern to prepare for an obligation
I stared death in the face and told em prepare for annihilation
And I always had ambition
Couldn't nobody tell me nothin'
I was on the hustle since I was this big

Money fallin' from the
Money fallen' from the sky sky
Money fallin' from the
Money fallin' from the sky sky
Money fallin' from the
Money fallin' from the sky
Trying to get some money put your motherfucking hands high

Money fallin' from the
Money fallen' from the sky sky
Money fallin' from the
Money fallin' from the sky sky
Money fallin' from the
Money fallin' from the sky
Trying to get some money put your motherfucking hands high

Land of the free
Home of the brave
There's money to make
That's what it takes, what it takes
Here in the U.S.A
Where the laws are made
Where crime still pays
There's money to make
That's what it takes
Here in the U.S.A
Ah ah ah

Money fallin' from the
Money fallen' from the sky sky
Money fallin' from the
Money fallin' from the sky sky
Money fallin' from the
Money fallin' from the sky
Trying to get some money put your motherfucking hands high

Money fallin' from the
Money fallen' from the sky sky
Money fallin' from the
Money fallin' from the sky sky
Money fallin' from the
Money fallin' from the sky
Trying to get some money put your motherfucking hands high
