"I don't think you know what I feel..."

Don't hide your light behind your fears  
I don't think you know what I feel  
You are a Shining Light

It's a Dark Road, but to me you're a Shining Light  
Ooh boy, ooh boy, you are a Shining Light  
I used to be lunatic, but to me, you're a Shining Light  
I used to be woebegone, you light up my life

Now everyone of us was made to suffer  
CRY, CRY  
I don't think you know what I feel  
Everyone of us was made to weep  
Tears in my eyes burn  
I don't think you know what I feel  
So take me from the wreckage  
If something goes wrong  
Save me from the blast  
If something goes right  
Won't you pick the pieces up  
'Cuz it feels just like I'm Walking On Broken Glass

Walking On Walking On Broken Glass  
Walking On Walking On Broken Glass  
Sing my sisters, Sing my sisters

I look up to the Shining Light  
I've got a wall around me, you are a Shining Light  
I used to have demons, but to me, you're a Shining Light  
So many monsters, yeah, you light up my life

I may be mad, I may be blind  
I may be viciously unkind  
Keep on Walking On Broken Glass

Walking On Walking On Broken Glass  
Walking On Walking On Broken Glass

No More "I Love You's"  
But to me, you're a Shining Light  
Changes are shifting outside the word  
You are a Shining Light

This is the book I never read  
These are the words I never said  
This is the path I'll never tread  
These are the dreams I'll dream instead  
This is the joy that's seldom spread  
These are the tears, the tears we shed  
This is the fear, this is the dread  
These are the contents of my head  
THESE ARE THE YEARS THAT WE'VE SPENT!!!!  
THIS IS WHAT THEY REPRESENT!!!!  
THIS IS HOW I FEEL!!!!  
Keep on Walking On Broken Glass!!!!

Walking On Walking On Broken Glass  
Do you know, do you know how I feel?  
Walking On Walking On Broken Glass  
Do you know, do you know how I feel?  
Walking On Walking On Broken Glass  
Do you know, do you know how I feel?  
Shining light  
Walking On Walking On Broken Glass  
You light up my life....
