

One Direction Mashup

DJ Earworm

It's gotta be you
Something's gotta give now
Everyone else in the room can see it

Only you
I need you here with me now
Everyone else but you

And if you (cause it's you)
You want me to (oh it's you)
We'll be doing what we'll do
Let's make a mo-o-ove

And if you (cause it's you)
You want me to (oh it's you)
Just pretending that we're cool
And we know it too

And I'll be gone, gone tonight
Singing, singing, singing
The best song ever
Been holding on so tight
With nothing in between
Nothing can come between

You and I
Na na na na na na
We're only getting older, baby
Na na na na na na
Does it ever drive you crazy?

If you like to do the things you know that we shouldn't do
Nobody, nobody
Nobody can drag me down
If you like to do whatever you've been dreaming about
We got a whole lot of history
So let's start right now

You're insecure
Tried playing it cool
Don't know what for
When I'm looking at you
Don't need make-up
Be brave, be brave
Cause the way that you are is eno-o-ough

And if you
Hey girl, I'm waiting on ya
You want me to
I'm waiting on ya
C'mon and let me stick you out
Let's make a mo-o-ve

And if you
And have a celebration
You want me to
A celebration

The music's up, the windows down

And your little things gone tonight
Singing, singing, singing
I won't forget her
The way that I'll be holding on too tight
With nothing in between
Nothing can come between

You and I
Na na na na na na
We're only getting older, baby
Na na na na na na
Does it ever drive you crazy?

If you like to do the things you know that we shouldn't do
Nobody, nobody
Nobody can drag me down
If you like to do whatever you've been dreaming about
Nobody, nobody
Nobody can drag me

You don't kno-o-ow
It's gotta be one thing
Let's go crazy, crazy, crazy
Now I can't remember
How it goes but I know
I know for sure
Baby you're perfect
Stood by me got perfect

And I'll be gone, gone tonight
Singing, singing, singing
The best song ever
Been holding on so tight
Singing
Nothing can come between

You and I
You don't kno-o-ow
It's gotta be one thing
I think it went crazy, crazy, crazy
Now I can't remember
How it go-o-oes
I think it went yeah, yeah, yeah
I think it go oh
Never, never, never, never drive you crazy

If you like to do the things you know that we shouldn't do
Nobody, nobody (na na na na)
Nobody can drag me down
If you like to do whatever you've been dreaming about
I think it go, oh
Never, never, never, never drive you crazy

You don't kno-o-ow
The things that we shouldn't do
I think it went crazy, crazy, crazy
Now I can't remember
How it go-o-oes
The things that you've been dreaming about
I think it go, oh
Let get some and live while we're young
