

# United State of Pop 2014 (Do What You Wanna Do)

DJ Earworm

Do what you wanna do, uh uh  
You can do what you wanna do, uh uh  
It's all inside you  
Amen, Amen

Can't stop, won't stop moving  
Don't speak the language  
The music don't need explaining  
I know that in the morning now  
It's gonna be alright  
I keep grooving  
Do I have to tell you,  
This music is beautiful too  
All I really need to understand is, I'll be alright

Because you know I'm all about that bass, about that bass  
Don't tell 'em  
You ain't even, you ain't even gotta tell 'em  
No treble  
I'm all about that bass, about that bass  
Don't tell 'em  
You ain't even, you ain't even gotta tell 'em  
Because you know I'm all about that boom boom,  
About that bang bang  
About that beats  
About that bass  
About that music

Katy Perry, Juicy J, Jason, I-G-G-Y, Nicki, Jessie and Ari  
My God  
There's no going back

So you can do what you wanna do  
You already know  
You can do what you wanna do  
From LA to Tokyo  
It was all inside you all the time  
Remember my name,  
Well, now they know

So all the cups got broke  
I'm gonna show ya  
It's clear to see  
It wasn't my fault  
I got one less, one less, problem  
Am I tripping for having a vision?  
My prediction: I'mma be on top of the world

Can't stop, won't stop moving  
Don't speak the language, the music  
Don't need explaining  
Let it go, let it go  
And you let her go  
It's gonna be alright  
Say yes, say yes  
The answer is, is music  
What's really crazy

All I really need to understand is, I'll be alright

Because you know I'm all about that bass, about that bass  
Don't tell 'em  
You ain't even, you ain't even gotta tell 'em  
No treble  
I'm all about that bass, about that bass  
You ain't even gotta tell 'em  
It's gonna be alright  
But I know you want it  
Boom, bad bass, bad bass  
Don't tell 'em  
You ain't even, you ain't even gotta tell 'em  
No treble  
I'm all about that bass, about that bass  
You ain't even gotta tell 'em  
That's what you wanna do

Can't stop, won't stop moving  
Don't speak the language, the music  
Don't need explaining  
I know that in the morning now, it's gonna be alright  
I keep grooving  
Do I have to tell you

So you can do what you wanna do  
You already know  
You can do what you wanna do  
From LA to Tokyo  
It was all inside you all the time  
So you can do what you wanna do  
That's what you wanna do  
There's no going back

I'm so fancy, you already know  
I'm in the fast lane (London to Taiwan)  
From LA to Tokyo  
I'm so fancy, can't you taste this gold?  
Remember my name, bout to blow, oh, oh  
That's what you wanna do  
Amen, Amen, Amen
