Won't you tell me
If we're heading for a fall
Are we still confused at all
Won't you tell me

Tonight

If we can move a little closer If we can get a little deeper We'll be complete

You got to show me
Assure me
Nothing will go wrong
You got to show me

Why you're holding on You've got to show me Assure me Nothing will go wrong

You've got to show me Why you're holding on

Maybe

You think it's not enough Can't you see I'm trying hard To be open

Tonight

If we get a little closer
If we get a little deeper
We'll be complete

You got to show me
Assure me
Nothing will go wrong
You got to show me
Why you're holding on

You got to show me You got to show me You got to show me You got to show

You got to show me
Assure me
Nothing will go wrong
You got to show me
Why you're holding on
