

## Code Red

DJ Jazzy Jeff & The Fresh Prince

Here's a little story 'bout a Friday night  
Buckwild, 'cause yo, that's kind of my style, check it  
On the town with a girl named Kay-Bee  
And a bow-wow-wow yippie-yo yippie any way  
I was straight out illin  
Why do I say so? Cause yo, my girl was home chillin  
Fancy resteraunt me and Kay frontin  
It was called Lay....um, Jay...um, somethin  
I was ready to attack her, unh  
Giving the sex look like Dracula  
A little bit of soft music playin  
And Don Perrier, it was on, know what I'm sayin  
Every thing was lovely, but then  
What the damn, my girlfriend walked in  
Oh my goodness, danger, trouble, dread  
Oh I'm dead, mayday code red

My oh my, what am I to do?  
Gotta get away, cause my girlfriend's coming through  
Um Jay, I gotta, um, well, see,  
There's well, this, um, excuse me  
To the back with the mucho-quickness  
My girl's gonna kill me and leave no witnesses  
I'm in the bathroom hiding like a punk  
But there's bars on the windows, I can't jump  
Exit stage left, quickly plan B  
Gotta find a way that my girl won't see me  
Crawling on the floor, I'm feeling sick  
Like this some old Charlie Chaplin flick  
Heart poundin around a mile-a-minute  
This time I really done did it  
Down on my hands and knees on the floor  
I'm looking at the front door  
Ready, set, make the dash  
Her back is turned, maybe I can get past  
I almost made it, but then, damn, she turned her head  
Code red

Break it on down

All was perfect, the ship was sailin  
But now it's sinking, so yo, I'm bailin  
I kept on runnin' even though she saw me  
And I sat and waited at home for baby to call me  
I watched a little TV  
Phone started ringing 'bout 12:23  
I picked it up real slow, and said  
"mmmmmm..hello?"  
She wasn't having it, she snapped, went bezerk  
Girl made my head hurt  
I tried to be as cool as I could be  
I said hey, wasn't me  
She wasn't having that melody  
Needless to say, she left me  
Another brother just couldn't control his head, (the other one)
