Hocus pocus, pull up in a Ghost whip
Leavin' when she blowed it
Ah, nigga, listen here
If I put you on a mission, make him disappear
Ah, don't lose focus
If you ain't got it on you, nigga, poke 'em
Ah, we be wylin', yeah
Don't you play with me, boy, get you outta here
And now you laughin', now you join', I'm focused
If I ain't got it on me, I'ma poke him

Blueface baby, aight, yeah aight
We ain't fuckin', and I'm losin' focus, hocus pocus
Hit your block in a Ford Focus, over-focused
My got a thot, bodies like a ho, cuz'
Niggas gettin' popped for tryin' to poke us
VVS, they say they bustin' more than the short bus
Two dick, two fuck, blew up, too much
You niggas rap like a lollipop, 'cause you suck
I was number one, 'cause I was too much
When your dog ain't nothin' to her she get straight to it
Ooh, this the famous Crip
If I pulled up, then you know the bitch fuckin' blew it
Aight

Hocus pocus, pull up with no chick
Leavin' with your bitch, ayy, ayy
Hocus pocus, pull up in a Ghost whip
Leavin' when she blowed it
Ah, nigga, listen here
If I put you on a mission, make him disappear
Ah, don't lose focus
If you ain't got it on you, nigga, poke 'em
Ah, we be wylin', yeah
Don't you play with me, boy, get you outta here
And now you laughin', now you jokin', I'm focused
If I ain't got it on me, I'ma poke him

Can I show you what's up?
Too many rings, I'ma need another pinkie
I'm the one that made your bitch disappear, Houdini
She said she she vegan, come and eat on my zucchini
Big bag, big balls, bread game, no panini
Hunchos, I got those, turn models to toss hoes
I just did a magic trick, stick it like some Activis
I'm unemployed, but got work in Chicago
My niggas with the shit, bust your head for a half a brick, bitch

Hocus pocus, pull up with no chick
Leavin' with your bitch, ayy, ayy

Hocus pocus, pull up in a Ghost whip
Leavin' when she blowed it
Ah, nigga, listen here
If I put you on a mission, make him disappear
Ah, don't lose focus
If you ain't got it on you, nigga, poke 'em
Ah, we be wylin', yeah
Don't you play with me, boy, get you outta here
And now you laughin', now you join', I'm focused
If I ain't got it on me, then I'ma poke him
