

Live From The Block

DJ Kay Slay

Straight up out the gutter baby live from the block
Drippin candy ridin four in trunk, poppin on them tops

And I'm straight up out the gutter baby live from the block
Straight up, straight up out the gutter baby live from the block
And I'm straight up out the gutter baby live from the block
Drippin candy ridin four in trunk, poppin on them tops

Mike Jones! From day one I was a hustler (Yeah!) on that grind for that paper mane
Movin rock from block to block stayin away from haters mane
I can't complain I'm hearin some thangs I represent that Texas mane
I'm sittin sideways with that candies on them swingers mane
281-330-8004, Mike Jones and Kayslay in O Five 'gon run the show
I'm on the scene lookin clean sippin lean stackin green
I'll pull up to ya hoe pop my trunk and let her watch my screen
From New York to H Town we make haters lay down
I only fuck with hoes that know to keep they face down
From New York to H Town we make haters lay down
I only fuck with hoes that know to keep they face down
I stay around the hood cause the hood is in me
And when I ain't on the block I grip wood in my Hum V
You wanna see how we roll then shine and come see
You wanna see how we roll then shine and come see

And I'm straight up out the gutter baby live from the block
Straight up, straight up out the gutter baby live from the block
And I'm straight up out the gutter baby live from the block
Drippin candy ridin four in trunk, poppin on them tops
And I'm straight up out the gutter baby live from the block
Straight up, straight up out the gutter baby live from the block
And I'm straight up out the gutter baby live from the block
Drippin candy ridin four in trunk, poppin on them tops

When I say mic check, they cut a check on site
Then I just walk across the stage with my check on knives
And hear the country girls mumblin that boy nice
Cause they know I represent all night
You only say mic check to make sure ya mic right
I say mic check, cause I got a check when I'm on the mic
The gangbangers throwin up signs like they on strike
The stage show I disrespect on site
Cause it's a all day gimmick, but Papoose take a long way in it
That's why it takes me so long to get my own day in it
Your favorite rappers I out shine all they lyrics
They don't wanna put me on, I might mess up they image
It's my fault they don't like me at all I admit it
I made my bed so I'm a lay in it
But yo when I wake up, if they don't put a contract on my bed
They 'gon have to put a fuckin contract on my head

And I'm straight up out the gutter baby live from the block
Straight up, straight up out the gutter baby live from the block
And I'm straight up out the gutter baby live from the block
Drippin candy ridin four in trunk, poppin on them tops
And I'm straight up out the gutter baby live from the block
Straight up, straight up out the gutter baby live from the block

And I'm straight up out the gutter baby live from the block
Drippin candy ridin four in trunk, poppin on them tops

We comin live from the dirty south

I'm in the Lone Star state with Texas plates baby straight up out the Swisha
House

Diamonds all up in my mouth, I got expensive taste

And some codeine served to cure me of my cost

Pop a seal, po' a fo', mix it up and sip it slow

Goin on drank it's hard to thank but best believe I'm on my know

Houston Texas we do it big I'm ballin with Slim Thug the boss

On the grind with Mike Jones and Michael Watts then Swisha House

Paul Wall the people's champ postin on the south league

I got a pint of the purple law showin off my mouth piece

I'm just a young socialite goin hard and bringin hat

Swingin the block like a baseball bat

I'm big ballin and all that

I'm straight up out the gutter baby live from the block

Drippin candy ridin four in trunk, poppin on them tops

I put it down with The Drama King, Paul Wall, that's my name

On the mic I'm bringin pain and in the mix I'm grindin mane

And I'm straight up out the gutter baby live from the block

Straight up, straight up out the gutter baby live from the block

And I'm straight up out the gutter baby live from the block

Drippin candy ridin four in trunk, poppin on them tops

And I'm straight up out the gutter baby live from the block

Straight up, straight up out the gutter baby live from the block

And I'm straight up out the gutter baby live from the block

Drippin candy ridin four in trunk, poppin on them tops

It's Kayslay! It's Greg Street! It's The Champions!
