

# Do You Mind

DJ Khaled

Another one  
We The Best Music!

Yo, he ain't messing with no average chick, pop, pop  
He got Nicki, he know that he hit the jackpot  
Every baller tryna score, check them shot clocks  
But I hit 'em with them 'Bron/Iguodala blocks  
Eat the cake and he suck on my toes, yes  
Hitting them home runs, I'll be like "go Mets!"  
I want a dude that'll still kiss me when he mad  
Type to cop me diamonds, he can miss me with them bags

Girl we been right here, thinkin' 'bout it all night  
Baby you should be up in my bed  
Do you mind, do you mind? (DJ Khaled)  
Baby you, do you mind? Do you mind? Do you mind?

I'm just tryna get to know ya  
Get a little closer, maybe post up  
Do you mind? Do you mind? Do you mind?  
Do you mind? Do you mind? Do you mind?

You know, you know, you know, you know  
Let me be the one, baby do you mind? Do you mind?

Oh, do you mind if I talk to you?  
And do you mind if I touch you there?  
Girl, you know you can't do no better, baby  
I know that it don't get no better than me  
Let's not waste the time  
You ain't gotta hold back cause I get inside  
You won't change your mind, you know that you can take it  
No need to hesitate, I need it, impatient  
I'm not used to waiting, I want you to give it to me  
Come on let me taste it until I get in love  
Hope you're ready cause I'mma beat it up  
Do you mind when I'mma have it? Know how to heat it up

I should, I should be the one, baby, you gon' love that  
Girl, I know your body, know where every curve at  
We been going all night, 'til the early  
No you, no you wanna take off when you on my runway  
We ain't gotta talk 'bout his conversation  
Baby, by the way I touch you you know what I'm saying  
Oh, oh, oh, ride it slow  
Oh, oh, oh

(Man with all this red carpet shit, baby, you know what I'm saying, Future Hendrix)

I'mma do that favor, drippin' flavor in you two piece  
I'm gonna keep my promise, never treat you like a groupie  
Calamari dinners, got you eatin' raw sushi  
Still in the trap, but I like my bitches bougie  
Two cups of styrofoam, excuse me lil' mama  
I can hold you down, be your friend and your lover  
You want watches, new Versaces, you want C&A online  
Top back, screamin' money ain't a ting

Seeing two G-wagons in my driveway  
FaceTime, two black bottles by my fireplace  
Fell out with your peoples so you took the pictures down  
Instagram ain't been the same since you so distant now  
Took you shopping in other places that I won't name  
First time your friends really got the see Balmain  
20 million cash, seen it there with my two eyes  
We the best and I told you this back in '05, (Maybach Music)
