

GRATEFUL

DJ Khaled

Let the blessings glow
Let the blessings glow, oh
Right to my soul
My thirsty soul
Let the blessings glow

Said I'm grateful for not anything but everything
Every loss I had to take, I took it on the chin
We still on the hot ten
And I knew one day that we would win again
Been prayed on my downfall by many men
Oh, Lord, I thank you for not giving in
Must I tell 'em once again?
All I do is win
You either win with us or watch us win
That's why I'm grateful, oh, for anything and everything
That's why I'm grateful, oh, for anything and everything
Oh, Lord, I'm grateful, oh, for anything and everything
Oh, oh
I'm so grateful, oh, Lord
Said I'm so grateful, oh, Lord
How in every loss it came with many rings?
Even though the hatred came with many things
'Cause I can't go for anything
Even though my plate full, I can't complain, I'm grateful
Even though my plate full, I can't complain, it's everything th
at I prayed for
Oh, Lord, I'm grateful
Oh, Lord, I'm grateful
Oh, Lord, I'm grateful

Let the blessings glow
Let the blessings glow, oh
Right to my soul
My thirsty soul
