

# I Ride

DJ Khaled

(Yeah) I said all these niggas fuck-niggas  
(Boosie Badazz, yeah, yeah)  
And they said they fuck wit' you  
(Uh-huh, fuck 'em, woo)  
But really they don't fuck wit' you (Huh, no tussle)  
So I advise you not to fuck wit' 'em (DJ Khaled)  
And so I bought the Wraith on 'em (Wraith boys)  
I still got the paper plates on 'em (Money boy, woo)  
And if you think I'm playin' wit' you (Playin' wit' you )  
I ride on you niggas (Yeah)  
So I advise you not to fuck wit' em

Boosie Mandela, I am the people's choices  
We can take it there, but I take it much farther  
Dude you don't know me, so you can't drink my bottle  
Why when I was gone, you ain't do nothing for my daughter?  
Paper plate-living niggas hating cause I'm ballin'  
Boring his bitch, fucked her and spoiled  
You don't wanna see me all I do is make a call  
We have no specific victims, we want all y'all  
Ridin' for the team, .45 wit' a beam  
Plenty murder scenes  
So I advise you not to fuck wit' 'em  
G-O-R-R-I-double-L-E  
It's levels to this shit like my nigga Meek say  
DJ Khaled, look

I said all these niggas fuck-niggas

All the bad bitches real niggas holler when we enter  
Sky dweller looking like chilly in the winter  
Twelve gage bruh that bitch look like a chopper  
And my dawg so I hand it to my partner  
Heat game chip bitch I'm chilling on the floor  
All white hit the door looking like a kilo  
Ice machine refrigerator nigga what the hell  
What they said about my watch when I spoke to Cash on the Wraith so this shit is not a lease  
Hundred cash on the Cuban fuck I need with a piece  
Catch you in the streets knock your top off like a Jeep  
Then we show up at your funeral and piss all on your wreath  
Ride on 'em

I said all these niggas fuck-niggas  
And they said they fuck wit' you  
But really they don't fuck wit' you  
So I advise you not to fuck wit' 'em  
And so I bought the Wraith on 'em  
I still got the paper plates on 'em  
And if you think I'm playing wit' you

I ride on you niggas So I advise you not to fuck wit' em

Betting on a nigga I'mma go and get it  
And if I set it on a nigga you can bet that I'mma go and hit it  
These the laws that we live by  
Same niggas that your looking at the ones you getting slit by  
Still moving how I wanna  
For a brick whole clique getting left in a coma  
White glove it's a deadly game  
You gon' fuck top down say my name like All I want is real estate  
Graduated from the corner 'til I send it up the interstate  
Niggas hating on me  
But I got a new plug and it got a truck waiting on me

I said all these niggas fuck-niggas  
And they said they fuck wit' you  
But really they don't fuck wit' you  
So I advise you not to fuck wit' 'em  
And so I bought the Wraith on 'em  
I still got the paper plates on 'em  
And if you think I'm playing wit' you  
I ride on you niggas So I advise you not to fuck wit' em
