Movement

DJ Khaled

Khaled, tell them what the fuck this is, this is the movement
Move with us, I got a hundred goons with me
Khaled, tell them what the fuck this is, it's the movement
Move with us, I got a hundred goons with me

Chevy sittin on some big rims, ride with me
My wrist so steady, try to take it, can't with me
I'm Dre, don't give a fuck who your clique is
We need to find out where the fuck your bitch is
I got cribs out of state
Tell the chef fix the plate, that be something
Buddy, what you think this is, a fuckin game?
Let me tell you what you is, a fuckin lame
And I'm a G, go tell your partners
Designer jeans, I wear them often
I bought them cheap, about that profit
You fuck with me, end up in the coffin

Khaled, tell them what the fuck this is, this is the movement
Move with us, I got a hundred goons with me
Khaled, tell them what the fuck this is, it's the movement
Move with us, I got a hundred goons with me

Brr, Brr, cellphone, it won't quit
Renisonts man, I be on some old shit
In a new whip, bumpin throwbacks
Color me bad, Neno Brown and Gold Jack
Rep Miami, we did it, put all your hope in me
I'm exactly what real niggas is supposed to be
Not the Dr. but it's still Dre
When I be in New York, I tell them I know Jay
You gotta deal with Dre
Bitches love Dre
When you see Dre, what you see is great
No Wilma, no Catrina, no hurricane
Compared to when I blow rappers hands off, I'm rapping soft

Khaled, tell them what the fuck this is, this is the movement
Move with us, I got a hundred goons with me
Khaled, tell them what the fuck this is, it's the movement
Move with us, I got a hundred goons with me

I keep my paper straight stackin, and them birds I'm packin
They can't see my mansions, so I give them some glasses
I got a penchant for slanging pies, turn me up, bump me louder
Beat like the lotto, but niggas don't wanna battle
Imma tell ya like a nigga told me
Don't be dissing on no record, go and see me like a G
Your lil lady loves me
What you talkin bout?
Take a trip to A Town, blow your fuckin brains out
I'm with my bro Cool, run with young fools
Stay with work, feeling like I'm on the move
I ain't hard to find, you can smell the dro
We don't fuck with no basic hoes

Khaled, tell them what the fuck this is, this is the movement

Move with us, I got a hundred goons with me
Khaled, tell them what the fuck this is, it's the movement
Move with us, I got a hundred goons with me
